Aerotech

Aerotech Consulting LLC is a corporate aviation company based at DWC (Dubai World Central), Al Maktoum International Airport in the United Arab Emirates.

We are specialized providing air charter, acquisition and sales for private jet aircraft with ancillary services.

We are cooperating with global leader of air charter and Aircraft leasing organizations. Having an extensive database allows our sales team to offer quick response to all individual requests and also ensure all client enquiries are dealt with the maximum competence and professionalism.

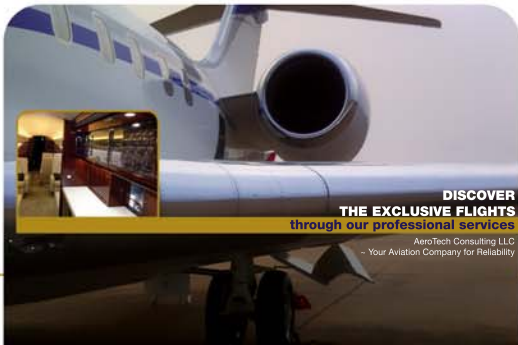

Our supports are designed to be completely flexible, meeting at any destination across the globe.

Our aim is to provide our clients with professionalism and have their fully satisfaction.

We understand our clients and the importance of their time.

From red carpet treatment for VVIP and VIP flights to large group transportation or individual MEDEVACs worldwide, our global databank allows us to find the most suitable and reasonable solution for clients, private or business travel.

- Executive VVIP and VIP airplane and helicopter air charter service
- Group transportation air charter service
- Air Ambulance/MEDEVAC charter service
- Air Cargo charter service
- Evacuations charter service
